Annual Report **HOLDERNESS**

NEW HAMPSHIRE

On The Beautiful Squam Lakes

YEAR ENDING

December 31, 1968

SPECIAL FOURTH CLASS RATE — BOOKS

A Dedication . . .

In fond commemoration of Harold A. Webster, this Town Report is dedicated.

A resident of Holderness for 78 of his 83 years - Town Moderator for twenty-five years, former legislator and School Committee member - one time teacher and a staunch supporter of partisan politics.

His wit was keen and as a public speaker he was forceful and direct.

Harold Webster has helped write history in Holderness and will be missed by his constituents, opponents and fellow townspeople.

Journal of the House — January 16, 1969

RESOLUTIONS

Whereas, we have learned with deepest sorrow of the passing of a former Representative, Harold Webster of Holderness, and

Whereas, Mr. Webster served his community faithfully and with efficiency, therefore be it

Resolved, that we, the members of the House of Representatives in General Court convened, do hereby extend our sympathy to the family of Mr. Webster.

Discussed time for business meeting the following year. General preference for evening meeting. Brought forward for consideration of Selectmen.

Results of vote of National Delegates read by Moderator.

Motion made and seconded to adjourn at 11:55 P. M.

A True Record

Corinne M. Cripps
Holderness Town Clerk

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Holderness in the County of Grafton in said State, Qualified to Vote in Town Affairs:

You are hereby notified to meet at the Town House in said Holderness on Tuesday, the eleventh day of March, next, at ten o'clock in the forenoon, at which time the polls shall be opened and shall close not earlier than six o'clock in the afternoon, to act upon the following subjects, the second and subsequent articles to be acted upon commencing at seven-thirty o'clock in the afternoon of said day:

Article 1. To choose all necessary town officers.

Article 2. To hear the reports of any Town Committees.

Article 3. To see if the town will vote to raise and appropriate the sum of Two Hundred Fifty-five Dollars (\$255.00) for Memorial Day.

Article 4. To see if the town will vote to raise and appropriate the sum of Five Hundred Dollars (\$500.00) for advertising by the Chamber of Commerce.

Article 5. To see if the town will vote to raise and appropriate the sum of Two Hundred Dollars (\$200.00) for advertising by the Lakes Region Association.

Article 6. To see if the town will vote to raise and appropriate the sum of Five Hundred Dollars (\$500.00) for the Sceva Speare Memorial Hospital.

Article 7. To see if the town will vote to raise and appropriate the sum of Two Hundred Dollars (\$200.00) for the town Health Fund.

Article 8. To see if the town will vote to raise and appropriate the sum of Three Hundred Twelve Dollars (\$312.00) for the Pemi-Baker Home Health Agency.

Article 9. To see if the town will vote to raise and appropriate the sum of Five Hundred Forty Dollars (\$540.00) for the Lakes Region Mental Health Clinic.

Article 10. To see if the town will vote to raise and appropriate the sum of Three Hundred Sixty-five Dollars (\$365.00) as compensation to Ethel Piper for services rendered.

Article 11. To see if the town will vote to raise and appropriate the sum of Two Hundred Fifty Dollars (\$250.00) for use by the Town Conservation Commission.

Article 12. To see if the town will vote to make any alterations in the amount of money required to be raised and appropriated for the ensuing year for the support of the town, as recommended by the Budget Committee in its report, to raise and appropriate all sums so determined, and to pass on any other vote relating thereto.

Article 13. To see if the town will vote to adopt for the purpose of correcting the checklist a final closing date not less than five (5) nor more than six (6) days prior to an election in accordance with RSA Chapter 55:6.

Article 14. To see if the town will vote to authorize the Selectmen to accept from Walter W. Davis and Dagmar S. Davis for use as a town road, a warranty deed to the town of that portion of Heritage Road, so-called, 40 feet in width, as shown on a plan entitled "Heritage Hill, Town of Holderness, New Hampshire, D. Miller, Surveyor, May 1965" filed in Grafton County Registry of Deeds, Book 1021, Page 71, that has been improved for vehicular traffic, commencing at the Mt. Prospect Road, so-called, and extending therefrom 825 feet, more or less, to Ames Brook, so-called; thence across Ames Brook 100 feet, more or less, to Shingle Mill Lane, so-called where there will be a suitable turn around 75' in width at the end of the road; and also the strip of land, 40 feet in width, shown as Hob-Nob Lane on aforementioned plan which has also been improved for vehicular traffic where there will be a suitable turn around 75' in width at the end of the road.

Article 15. To see if the town will vote to create a town planning board and make available to it all of the powers and duties set forth in 36:4 of the NH RSA, as amended; said planning board to consist of seven (7) members appointed by the Selectmen within thirty (30) days of passage, with one member designated as temporary chairman for the purpose of calling the first meeting, and with one selectman designated as an ex-officio voting member of the board.

Article 16. To see if the town will vote to raise and appropriate the sum of Two Thousand Five Hundred Dollars (\$2500.00) as the town's share in conjunction with State of New Hampshire and/or the United States towards the cost of a comprehensive master plan of the town.

Article 17. To see if the town will vote to authorize the Selectmen to make application for and accept any and all grants or offers for municipal planning purposes which may now or hereafter be forthcoming from the State of New Hampshire and/or the United States.

Article 18. To authorize the Planning Board in Article 15 to be empowered, in accordance with RSA 36:19-24, and after holding a public meeting, to adopt regulations governing the sub-division of land within the town, and that it will be the duty of the town clerk to file with the Register of Deeds for Grafton County an appropriate certificate of notice, showing that the planning board has been so authorized, giving the date of such authorization.

Article 19. Shall the provisions of Chapter 287 of the Revised Statutes Annotated relative to playing games of Beano be adopted in this town.

Article 20. To see if the town will vote to authorize the selectmen to convey any real estate obtained by Tax Collector's Deed and execute any deed or deeds thereof in the name of the town.

Article 21. To see if the town will vote to authorize the Selectmen to borrow in anticipation of taxes.

Article 22. To transact any other business that may legally come before said meeting.

Given under our hands and seals this 7th day of February in the year of our Lord nineteen hundred and sixty-nine.

THIRD ANNUAL REPORT BY THE HOLDERNESS WATER LEVEL COMMITTEE

During the calendar year 1968 water levels of The Squam Lakes showed a marked increase over 1967. In fact, since the desperately low years of 1964-65 there has been a steadily improving mean annual trend.

In 1968 heavy inflow during both May and June caused a substantial rise in lake water resulting in maximum discharges of about 260 cubic feet per second at the dam in Ashland. (see table). This amount, although quite a bit in excess of normal operation, was nevertheless within the flowage rights of the Water Resources Board.

A year ago it was reported that a citizen petition had been drawn up by lake property owners urging the WRB for an investigation into low water level conditions. The document was issued under Authority of RSA 484:1.

The Board claims that, due to a limited number of personnel, they have been unable to pursue the citizen request. Because of the fact that low water is presently not a pressing problem, it has been decided that such an investigation should be postponed.

For the year 1969 the Board plans to operate the Squam Lakes essentially the same as in the past. The June first target level will be three inches above "official full lake" (562.50 ft. above mean sea level). Discharge will be held as close to 60 cfs during July, August, September and part of October as is possible. An attempt will be made not to allow the lakes to drop below 560.0 feet barring unusual conditions.

During the remaining months of the year discharge is based on inflow amounts; snow-water contents, precipitation, etc. Per a previous court decree the discharge is NOT allowed to drop below 60 cfs.

At year's end it was disclosed that plans for major repairs to the Squam Lake dam would materialize with a state work crew moving in the last week of January. Designed to reduce maintenance and operating costs in the years ahead, the work is being financed with funds from Capital Budget appropriations as a result of HB 208 introduced by the late Thomas Pryor of Ashland. Although \$25,000 was set as the amount needed, the General Court saw fit to cut the amount to \$15,000.00. It is with this sum that the Board is attempting to reface the dam, extend both flanks, make operable all release gates, repair penstocks and reactivate other equipment. No extra gates are being installed.

A coffer dam is being constructed upstream and a 60 cfs flow will be maintained throughout the estimated four weeks of reconstruction.

Respectfully submitted,
 LYLE M. THOMPSON
 JOSEPH A. CARVELLI
 MALCOLM TAYLOR

FIRST ANNUAL REPORT OF THE HOLDERNESS CONSERVATION COMMISSION

Creation of the Holderness Conservation Commission received an unanimous vote of approval at Town Meeting a year ago. In compliance with Article 12 the Selectmen appointed six commissioners within thirty days of passage; George Richards and Mary Conrad (1-year terms), Roy Melanson and William Collins (2-year terms) and Gertrude Elsner and Malcolm Taylor (3-year terms).

The first commission meeting was held at the fire station May 6th during which an attempt was made to define specific conservation problems within the town, some methods of solving them, along with discussion of the Commission's ultimate obligation to the people of Holderness. A considerable amount of business has transpired since this first meeting.

Above all, it was decided by the commissioners to remain active while being constantly attentive to the growing need and development of the town. Bound by statute, the Conservation Commission must concern itself with the promotion, development and protection of natural resources including watershed, and shall conduct periodic inquiry into local land area use.

An index of all "open areas"* and town-owned land must also be maintained and this work the Commission has undertaken.

The law charges your commission with obtaining information pertinent to proper land use as well and this is being done, through the assistance of local landowners, university resource specialists, governmental agencies and private consultants.

A member of the Commission met with the Selectmen May 13th at which time topics of common interest were discussed. Per Article 13 of the warrant \$100 in town funds were transferred to the Commission. Permission for use of the former Selectmen's office in the Town Hall was asked and taken under advisement.

The selectmen inquired of the Commission as to the effect of new state regulations regarding the burning of open dumps, with the Commission being asked to consider the possible local problems that might ensue.

Two meetings later, on May 20, it was disclosed that Holderness had been chosen as one of six Lakes Region towns to be visited by landscape architects of the University of Connecticut. With all expenses being borne by the Spaulding-Potter Trusts, the Commission was asked to assist with a "visual townscape study" and agreed to do so with the idea that information gathered would better enable it to define land use or resource problems.

* "open area" or open space lands refers to lands within the town not used intensively for industrial or residential development.

At the June 4th meeting a request from the Grafton County Soil Conservation District for a list of "Natural areas" and areas of aesthetic or historic interest in Holderness was considered. A partial list was returned July 22nd including the Town Hall and other historic buildings, the Holderness School, the two Route 3 scenic outlooks, West Rattlesnake Mountain, Livermore Falls and Shepard Hill. Since this time other additions to the list have been submitted. Discussed at the same meeting was the increasing problem of wintering over the burgeoning duck population. Contacted for advice were the N. H. Fish and Game Dept., Federal Bureau of Sport Fisheries and Wildlife, Audubon Society and an organization known as Ducks Unlimited. It was subsequently decided that the situation could best be corrected by moving a larger portion of the birds to open waters elsewhere. Conservation Officer David Hammond met with your Commission on this matter June 17th and the work of transplanting 110 birds is now completed.

The town Library Trustees represented before the Commission on the matter of possible eventual expansion of the library. The commissioners decided that they would only concern themselves with the land use aspect of the library and gave consideration to general recommendations only.

On December 7th a letter and report was sent to the Holderness Library Trustees (text available upon request.)

Meeting on July 1st the Commission discussed State control of water levels on public bodies of water as it might affect the Squam Lakes. There was renewed discussion on the subject of dumps and the municipality's future disposal needs with a view toward effects upon the Town's natural resources. Voted to acquire special maps of the entire Holderness area and to examine closer the dump situation.

Continuing its bi-weekly meetings, the Commission, on September 16th, met for the first time at its new office in the Town Hall. Room was washed and the Commission installed its supplies after storing the old town records.

Agreed also to purchase a number of elementary age level books on conservation for the Holderness Central School. Various teachers were consulted on possible selections and an order has been submitted to the publisher.

The September 30th meeting saw receipt of a request by a White Oak Pond landowner that the Commission consider designating as a "wildlife area" the so-called Lamb Swamp portion of the pond. It was asserted that this area is one of the few remaining nesting grounds for the Common Loon (Great Northern Diver.)

Since this meeting your Commission has received additional letters from other pond landowners but no positive action has been taken other than assembling pertinent data and consulting with a wildlife expert. It was discussed at a subsequent meeting, though, that there did exist an opportunity to coordinate the desire of some for a wildlife area with the reclaiming and improvement of the present dumpsite should it be moved sometime in the future. The availability of federal funds under the Land and Water Conservation Fund is being explored. Much more information is needed and final decision, of course, rests with the electorate.

On October 30th a selectman, the road agent and one commissioner attended a seminar at Concord relative to town-operated landfill dumps, refuse collection and regional Disposal Districts.

Pierce Beij was appointed the seventh commissioner the 30th day of October, making the Commission now at its maximum legal membership.

At the November 4th meeting the commissioners were visited by a neighboring wildlife artist and his wife. Two subjects were discussed: ducks and the possibility of adopting an official town seal. A sample of the latter has since been submitted for approval of the town.

November 12th saw two commissioners attend a meeting at Weirs Beach along with other town officials, at which time the Holderness Town Visual Study by the University of Connecticut** was released. Written reports along with color slides were turned over to the Commission which plans a public showing sometime in the spring.

At the November 18th meeting one commissioner reported on his attendance at a Hanover conference on the use of salt upon New Hampshire highways and with its harmful effects on roadsides.

After long and careful deliberation it was decided that an offer from the Spaulding-Potter Trusts, to pay up to \$1,000 to the Town of Holderness if this amount would be matched two-for-one by the voters, should not be accepted. Unanimously it was felt that the establishment of any sizable conservation fund at this time would be premature in that resource planning by the Commission had just begun. It was decided, though, that Spaulding-Potter might be asked for financial assistance in preparing and distributing a town-wide conservation questionnaire.

On the morning of December 6th engineers from the Soil Conservation Service at Woodsville, resource consultants from the University of New Hampshire, a private engineer, plus representatives of the town of Ashland, met informally with the Commission on the subject of area refuse disposal problems. A tour of the two towns

* On file at Commission office along with photographs and sketches.

followed at which time various disposal sites for a possible sanitary land-fill operation were visited. Soil tests were made. A preliminary report from SCS has been submitted to the Commission and Town of Ashland but a great deal of needed study remains. A meeting inviting lower Pemigewasset Valley towns with similar dump problems was held February 3rd.

The last Commission meeting of the year was held December 16th and a report of the Regional Planning seminar at Woodstock December 9th was submitted. It was felt that Holderness should consider becoming a member of the Planning Region in order to gain the experience of other towns and reduce some of its own costs. Motion made and carried that the commission register an official vote of confidence favoring the concept and mission of the Squam Lakes Science Center. The view of the Commission is that we are extremely fortunate to have such a facility, devoted to teaching the natural sciences and conservation, in our midst. Commission has offered its wholehearted help, bound only by legal limitations.

Possibility of sending a Holderness boy or girl to one week conservation camp at Bear Brook State Park next summer also discussed and tentively approved. Method of choosing an eligible student yet to be decided at year's end, but the Pemigewasset Valley Fish and Game Club has graciously offered to absorb the costs of tuition.

Numerous other matters were also conducted throughout the partial year the Commission was in existence. Again in 1969 visitors are welcome at any meeting of the commission and the minutes of all proceedings are open to inspection.

Appreciation is hereby expressed to the many county, state and federal consultants, and especially the local people who have helped us get off to what we consider a good start. The Commission will endeavor to keep working towards the principle of wise land use in Holderness while hopefully earning the trust and respect of fellow townspeople.

REPORT OF FOREST FIRE WARDEN AND DISTRICT CHIEF

New Hampshire is the fastest growing state in the northeast in terms of population increase. It is also an industrialized state and this growth is likely to continue, all of which means more families and homes. Our growing summer population is scattered throughout the state with a phenomenal increase in vacation homes.

Many new homes and practically all cottages are being located in woodlands and abandoned fields and forests crowd into the back yard of our village streets. In a state where the forests cover 86% of the land surface, it is necessary that everyone be aware all through the season, which comes with the disappearance of the snow until the snow comes again, of the need to be careful with outdoor fires and fire sources.

The following action will help:

1. To teach our children the danger of lighted matches.
2. To **never** discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish preferably at the town dump.
If you must burn —
 - a. You need a written permit from the town fire warden for all debris burning except when the ground is covered with snow, Cooking fires in outdoor fireplaces or in charcoal brasiers in your own back yard is permitted on notification of the warden.
 - b. The warden is forbidden by regulation to allow burning of household rubbish on grass by householders between 9:00 A. M. and 5:00 P. M.
 - c. Have equipment on hand to control the fire **before** you light the match.
4. Promptly report any fire out of control to your fire warden or fire department.

Help to keep our town out of the fire occurrence column and save our tax dollars for useful purposes.

DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
Concord, New Hampshire
SUMMARY OF FINDINGS AND RECOMMENDATIONS

February 5, 1969

Board of Selectmen
Holderness, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Town of Holderness for the fiscal year ended December 31, 1968, which was made by this Division in accordance with the vote of the Town. Exhibits as hereafter listed are included as part of the report.

One of the enclosed audits must be given the Town Clerk as part of the permanent record.

Scope of Audit

Included in the examination and audit were the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Town Clerk, Library, Fire Department, Park Board, Zoning Commission, Holderness Cemetery Fund and Trustees of Trust Funds.

Financial Statements

Comparative Balance Sheets: December 31, 1967 & December 31, 1968: (Exhibit A-1)

Comparative Balance Sheets as of December 31, 1967, and December 31, 1968 are presented in Exhibit A-1. As indicated therein the Surplus increased by \$2,273.55 during 1968.

Analysis of Change in Financial Condition: (Exhibit A-2)

An analysis of the change in financial condition of the Town during the year is made in Exhibit A-2, with the factors which caused the change indicated therein.

**Comparative Statements of Appropriations and Expenditures —
Estimated and Actual Revenues: (Exhibits A-3 and A-4)**

Comparative Statements of appropriations and expenditures estimated and actual revenues for the fiscal year ended December 31, 1968, are presented in Exhibits A-3 and A-4. As indicated by the budget summary (Exhibit A-4) a net unexpended balance of appropriations of \$5,803.49, plus a revenue surplus of \$2,370.06, resulted in a net budget surplus of \$8,173.55.

Summary Statement of Receipts and Expenditures: (Exhibit B-1)

A summary statement of receipts and expenditures for the fiscal year ended December 31, 1968, made up in accordance with the uniform classification of accounts, is included in Exhibit B-1. Proof of the Treasurer's balance as of December 31, 1968, is indicated in Exhibit B-2.

Other Departmental and Agency Accounts: (Exhibits E, F, G, H & I)

Presented in Exhibits E through I are statements showing the activity in the accounts of the Library, Fire Department, Park Board, Zoning Commission and Holderness Cemetery Fund.

Statement of Long Term Indebtedness: (Exhibit K)

A statement of the outstanding long term indebtedness as of December 31, 1968, showing annual debt service requirements, is contained in Exhibit K.

Audit Procedure

The accounts and records of all Town officials charged with the custody, receipt and disbursements of public funds were examined and audited. Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as with entries in the books of records. Receipts were checked by source insofar as possible and totals of receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statement submitted by depository banks. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the collector's records. The amounts of uncollected and unredeemed taxes as indicated in this report are therefore subject to any changes which may be necessitated by the return of verification notices.

General Comments

Current Surplus:

The current surplus (excess of total assets over current liabilities) increased by \$173.55 during the year, from \$22,362.28 to \$22,535.83, as shown herewith:

	December 31, 1967	December 31, 1968
TOTAL ASSETS	\$ 90,091.41	\$ 90,158.02
CURRENT LIABILITIES	67,729.13	67,622.19
CURRENT SURPLUS	\$ 22,362.28	\$ 22,535.83

Uncollected Taxes:

As of December 31, 1968, delinquent property and yield taxes amount to \$1,308.73, on account of the tax levies of 1964 and prior years, remained outstanding on the tax collector's warrants, as detailed below:

Levy of 1964	\$ 936.85
Levy of 1962	80.00
Levy of 1961	115.54
Levy of 1960	80.00
Levy of 1958	96.34
	<hr/>
	\$ 1,308.73

We recommend that the list of delinquent taxes be reviewed by the Selectmen and Tax Collector. In cases where taxes are deemed uncollectible, the Board of Selectmen should issue abatements to clear the Tax Collector's account. In all other cases, appropriate action required to enforce collection of the remainder of these delinquent taxes should be instituted by the Tax Collector.

Treasurer:

The Treasurer should reconcile the bank balance with the cash book balance monthly. This practice will detect promptly errors which occasionally occur in the accounts.

Park Board:

Cash receipts of the Park Board for the fiscal year 1968 had not been transferred to the bank account maintained as of the start of this audit and examination. All funds received by the Park Board should be deposited with the bank weekly. A complete review of the business methods and procedures of this Board, for the purpose of providing adequate protection over its resources, is recommended.

Conservation Committee Records Not Submitted For Audit:

The records of the Conservation Committee were not submitted to the auditors for examination.

Conclusion:

The provisions of Chapter 184, of the laws of 1955, require that this report or the summary of findings and recommendations (letter of transmittal) shall be published in the next annual report of the Town.

We extend our thanks to the officials of the Town of Holderness for their assistance during the course of the audit.

Yours very truly,
O. MAURICE OLESON
Director

DIVISION OF MUNICIPAL
ACCOUNTING
STATE TAX COMMISSION

Certificate of Audit

This is to certify that we have examined and Audited the accounts and records of the Town of Holderness for the fiscal year ended December 31, 1968. In our opinion, the Exhibits included herewith reflect fairly the financial condition of the Town as of December 31, 1968, and the results of operations for the fiscal year ended on that date.

Respectfully submitted,

O. MAURICE OLESON
Director

DIVISION OF MUNICIPAL
ACCOUNTING
STATE TAX COMMISSION

Frederick E. Laplante, Auditor
C. Edward Rainville, Accountant

MINUTES OF ANNUAL MEETING MARCH, 1968

The annual meeting of the Holderness School District was called to order at 4:30 P. M. on March 9, 1968, by the moderator Mr. Carlton Elsner. Mr. Elsner read the articles of the warrant. Mrs. O'Donnell moved Article I as follows:

I move the polls remain open for voting on Article I until 9 P. M. and that the remaining articles be acted upon at 8:00 P. M.

Mr. Brown seconded the motion. It was carried unanimously. The moderator declared the polls open.

At 8:00 P. M. the moderator reported that the polls had been open since 4:30 P. M. and would be closed for the purpose of the meeting to discuss and act upon the remaining articles of the warrant, calling a recess before the 9:00 P. M. closing of the polls to allow remaining additional voters to cast their ballots.

Mrs. Wolf moved Article II as follows:

I move the District approve the salaries of the School Board, Attendance Officer and other officers and agents of the District as proposed in the budget, namely: School Board \$200 each; Chairman \$225; Clerk \$10; Treasurer \$150; Moderator \$10; Ballot Clerks \$10; Census Taker \$35; Attendance Officer \$10; and Bookkeeper \$500 as proposed in the budget.

Mr. Ford seconded the motion. There was no discussion of the motion. Mrs. Ayer moved the question, seconded by Mr. Gordon. The moderator requested a voice vote which was in the affirmative unanimously.

Mr. Ford moved Article III as follows:

I move the District accept the reports of the audit of the General Fund, Treasurer, School Lunch Program that was made by the Division of Municipal Accounting of the State Tax Commission and the reports of the Agents of the District as printed in the Annual Report.

Mr. Whitman seconded the motion. There was no discussion. The moderator requested a voice vote which was in the affirmative without opposition.

Mr. Hack moved Article IV as follows:

I move the District authorize the School Board to enter into a yearly tuition contract with Inter-Lakes School District for pupils in grades 9 through 12, for the school year 1968-69.

Mr. Thomson seconded the motion. There was no discussion. The moderator requested a voice vote which was in the affirmative without opposition.

Mr. McLoud moved Article V as follows:

I move the District vote to approve the contingency fund of \$250.00 as listed in the budget.

Mr. Whitman seconded the motion. There was no discussion. The moderator requested a voice vote which was in the affirmative without opposition.

Mr. Beij moved Article VI as follows:

I move the District vote to raise and appropriate the sum of \$131,783.59 for the support of schools, for the payment of salaries for the school district officials and agents, and for the payment of the statutory obligations of the District.

Mr. Ford seconded the motion.

Mrs. Wolf requested clarification regarding the proposed increased budget as to whether or not it would include an increase in the staff. Mr. Currier stated \$2000 was allocated for present staff raises, \$2550 for new staff. The school board is considering putting the principal on a full time basis. Mrs. Wolf asked if there were any provision for teacher aides. She stated she was concerned with the teacher load. Mr. Currier asked that Mr. Heffernan be allowed to speak. The moderator requested a motion. Mrs. Ayer moved that Mr. Heffernan be allowed to speak. Motion was seconded by Mr. Dana. A voice vote was requested by the moderator. Motion was carried without opposition. Mr. Heffernan said the anticipated enrollment for next year was 21 kindergarten, 26 first grade; 2 & 3 split with a total of 30; 3 & 4 split with a total of 33; 5, 6, 7, 8 are departmentalized. Mr. Beij asked if it were more important to keep the lower grades small. Mr. Heffernan said the guide lines for the State is 25 which made Holderness a little over. Mrs. Wolf said that it was a difficult task for a teacher to handle split grades of 30 pupils — an aide is greatly needed. Mr. Currier stated that the principal and the superintendent were now involved in an evaluation of the situation. Information on this problem will be forthcoming shortly.

Mrs. Kenney asked if the kindergarten teacher would be required to do the grade work in the afternoon. Mr. Heffernan said there could be a part time teacher for kindergarten, which would allow for a full time principal. Mr. Currier stated that the school board is aware of a real problem. The Board feels there should be a teacher for each grade. As stated in the next to the last article of the warrant a committee would study these problems. Mr. Barlow pointed out that the budget under discussion could be amended up to 10%.

Mr. Heffernan said Kindergarten next year would be the present gym. The question of a teachers aide has been brought to the School Board. It is felt by Mr. Heffernan and the Board, he said, that it would be important to have a full time principal, in the math area pupils who are slow students could be taken at their own pace. Mr. Richards asked what funds would be needed by appropriation to take care of a teachers aide. Mr. Currier replied the school did not have the room at present. That it was fully extended. The Board has been trying to evaluate the possibility of bringing in an additional teacher. The possibility of having Plymouth take care of the 8th grade is being considered. For 180 days it would cost \$2520. Mrs. Wolf said it might be helpful if she explained what a teachers aide would do. A teachers aide would not need to be a qualified teacher, but someone who could help the teacher at recess duty and with the students in the classroom. The teachers now, she said, have no relief during the day to do preparation. Further, she added, it is difficult for teachers to do a good job with split grades, particularly with children who need extra help. She would like to see additional money appropriated for a teachers aide. Mr. Beij suggested a moveable partition be put across the gym to make more room. Mr. Barlow pointed out that there is an article in the warrant to discuss the situation, and that that article should be considered before this. He moved the question. Mr. Ford seconded. The moderator asked for a voice vote. As a result of the preponderance of people against the motion the mderator declared the discussion would be continued. Mrs. Kenney stated the need for additional money was now, not a year from now. The moderator advised that any figure could be amended by motion. Mr. Beij moved to table the discussion of Article VI until after Article VIII had been discussed. Motion was seconded by Mrs. LeBlanc. Mr. Currier said that if the budget was approved as written and the need for a teachers aide is determined it could be achieved. Mr. Richards asked if the School Board would like the vote of the people. Mr. Currier replied if the School Board feels it should be done it would be done. Since there was no further discussion the moderator requested a vote on Mr. Beij's motion. It was carried unanimously.

Article VII was moved by Mr. Whitman as follows:

I move the District authorize the School Board to make application for and to accept, on behalf of the District, any or all grants or offers for educational purposes which now or hereafter may be forthcoming from the State of New Hampshire and/or United States.

Mrs. O'Donnell seconded the motion. There was no discussion. The moderator called for a vote. The motion was carried unanimously.

The moderator read Article VIII as follows:

I move the District vote to authorize the School Board to appoint a Committee to work with the School Board in an advisory capacity for the purpose of studying existing school facilities and future needs for the education of pupils in the District in grades Kindergarten through 8, which committee shall report back with its findings and recommendations to the next annual School District Meeting or Special School District Meeting called for the purpose, and to pass any vote or votes relating thereto.

Mr. Kenney moved Article VIII. Mr. Needham seconded the motion, Mr. Gordon asked if a committee would be composed of the present members. Mr. Currier replied 4 or 5 people have been working on the problem since January, plus Mr. Heffernan, Mr. Kenneson and Mr. Currier. Mr. Barlow has chairmanned this group. Mr. Currier called on Mr. Barlow.

Mr. Barlow said in the coming year there will be close to 200 pupils in the school — 9 classrooms and 6 teachers. In the departmentalized system grades 5, 6, 7 and 8 are put with other groups because there is no other place to put them — because there is no teacher to supervise them directly. He stated there were several solutions.

1. Stay as it is.
2. Add to the existing plant.
3. Tuition students out.

Largely Holderness would look to Plymouth to take care of 7 & 8 grade students. If Holderness did wish to join them in 7 & 8 grades, their bond issue is voted on March 28. Building will be built in 2 years. Additional problem is transportation. Mrs. Kenney asked how much room now was available in Plymouth for our students. Mr. Currier said they were pretty well filled up. Budget is set up to carry us for one more year. The School Board feels after this year additional tuition will be necessary. Mr. Heffernan pointed out that a special school district meeting is hard to arrange but with an article in the warrant it would be easier to call a meeting before the Plymouth meeting.

The moderator called for a vote on Mr. Kenney's original motion. The motion was carried unanimously.

The moderator then returned to Article VI.

Mr. Richards made a motion that \$2520 be added to the budget for the coming year to aid the School Board to get a teachers aide. Mrs. Kenney seconded the motion. Mr. Currier asked if this money were to be allocated solely for a teachers aide. Mr. Richards replied yes. The moderator requested a vote on an amendment to Article VI to add \$2520 to the budget for a teachers aide. The amendment was carried unanimously. Mr. Barlow suggested an amendment

to include assistance for the other split class, Mr. Richards having said his amendment should cover grades 3 & 4. Mr. Carvelli asked what the cost would be. Mr. Currier stated he could tell better later. Mr. Richards pointed out if Mr. Barlow's amendment was passed the money would be there if needed. Mr. Ford said if the School District voted to exceed the budget no meeting would be required. Mr. Gordon said the School Board has stated there is no need to make amendments.

The moderator requested a vote on Mr. Barlow's amendment. The voice vote being inconclusive he requested a standing vote and declared a vote in the negative.

Mrs. LeBlanc said an increase of \$700 was enough. The moderator pointed out that an increase of \$2520 had already been adopted. The moderator requested a vote on Mr. Beij's motion that the District vote to raise and appropriate the sum of \$134,283.59. The motion was carried in the affirmative without opposition.

Article IX was read by the moderator.

To transact any other business that may legally come before the meeting.

Mr. Currier said a study group will be getting together. Any interested people in the town should make themselves known to the School Board.

Mr. Barlow asked for an adjournment.

The moderator declared a recess for the period of the ballot counting at 9:20 P. M.

Mr. Currier said the School Board has added another service for next year — the health service. Holderness will use the Lakes Region Clinic. Recess was concluded at 9:47 p. m. Results of the voting were as follows:

Total votes	187
Moderator

Mr. Needham moved and Mrs. Wolf seconded the meeting be adjourned.

The clerk, Mr. Carvelli and Mr. Brown were sworn in by the moderator. The clerk swore in the moderator.

Respectfully submitted,

Gerturde Elsner
Clerk
Holderness School District

FIRST ANNUAL SCHOOL BOARD REPORT

To The Citizens of Holderness:

As Chairman of the School Board I welcome the invitation to go on record regarding various aspects of our school.

BOARD RESPONSIBILITY:

This School Board as any other Board, assumes the obligations for the largest—most diverse—operation in our community. The investment in land, buildings and equipment—payroll—operating expenses represent a substantial flow of our tax dollars. Yet these comprise only a part of the challenge. The most important responsibility is in the quality of the program. The best physical plant—is worthless, if the academic policy falters. What happens within the school plant—and carried out through the doors in the minds and hearts of the students is the soul of education.

We realize that each Board decision, to some extent, will have an effect upon our community and its children. Therefore, each judgment must be carefully weighted with an open mind and fitted within the framework of "What is best for all concerned."

It is because of this awareness, and the demands that our changing society places on our youth, that we urge the district to continue toward a broader academic opportunity such as was indicated last summer at the special meeting. In keeping with that meeting, we hope that the "Middle School Concert" will be funded and implemented for next September. If this is done, then we can provide a grade per room, a teacher per class. Also this will allow our 4 upper grades to receive the new experiences of perhaps a language, Home Art, Shop program, Music, Art, Dramatics, P. E., a Library Center with listening machines, viewing stations, an area for individual instruction, or a quiet place in which to study.

ORGANIZATION/ADMINISTRATION

We realize that with the broader programs and the expanded facility we must add teachers. Perhaps some of the present staff will be reassigned to other duties.

The Board has filed a request with the Commissioner of Education to be reassigned to the Plymouth system for union purposes. We feel that this must be done before we can establish any real continuity throughout our 12 grades.

TRANSPORTATION:

It is our opinion that the district should seriously consider transportation to and from high school.

TITLE III (Science Center)

Should the Science Center implement the Title III recommendations. (under which the Holderness School District financed a 1 year's study from a federal grant.) I would recommend this be used as a fine enrichment program for our school. However, I could not recommend that the District become involved beyond this point.

In closing it is my sincere wish to thank the people of Holderness that have expressed their confidence, by vote, in supporting Board requests. Also to thank the staff for their loyalty, and the Buildings Committee who has done such a fine job, thanks.

Respectfully submitted,

CHARLES L. CURRIER
Chairman, School Board

EXCERPTS FROM SPECIAL DISTRICT MEETING

A special meeting of the Holderness School District was called to order at 7:30 p. m. on July 11, 1968, at the Holderness Central School by the moderator, Carlton Elsner, who read the Articles of the warrant. He read also a memorandum from the Budget Committee of the Town of Holderness to the Moderator of the Holderness School District approving the proposal for the remodeling and construction of an addition to the Holderness Elementary School and the appropriation of the sum of \$215,000.00 to be raised by bonds.

The moderator requested the chairman of the School Board, Mr. Charles Currier, to explain the purpose of the meeting.

Mr. Currier stated that in accordance with the determination of the annual school meeting held on March 9, 1968, a committee had been appointed to study the possibilities of improving the school situation. The committee consisted of Mr. Kevin Barlow, Mr. Barton, Mr. Beij, Mrs. Barbara Currier, Joan Brewer, and Frederick Brown as an official member from the School Board. Their consideration was of three possibilities—1) expansion of the present plant, 2) tuitioning out the seventh and eighth grade students, 3) remodeling the existing plant. The committee had approved unanimously number three—to create a true junior high program. Mr. Currier said that drastic changes will be occurring in the state re-education, that new statutes will be coming up in two years. Enrollment for 1968 shows the need for a room for each grade (K-23; 1-26; 2-19; 3-21; 4-26; 5-22; 6-19; 7-20; 8-23).

The moderator asked for further questions. Since there were none Mr. Currier moved as follows:

I move the sum of \$215,000 be appropriated for constructing, originally equipping and furnishing an addition to the Holderness Central School and that to raise this appropriation the School Board be authorized to issue \$215,000 bonds or notes under the Municipal Finance Act.

Mr. Ford seconded the motion.

The moderator stated that the voting would be by secret ballot. He declared the polls open.

After the ballots were counted the moderator read the results of the voting:

104 ballots were cast.

93 Affirmative.

11 Negative.

It was therefore voted that the sum of \$215,000 is appropriated for constructing, originally equipping and furnishing an addition to the Holderness Central School and that to raise this appropriation the School Board is authorized to issue \$215,000 bonds or notes under the Municipal Finance Act.

The moderator then read Article 2 of the warrant. Mr. Frederick Brown moved as follows:

I move that the existing School Study Committee be continued as a Building Committee with additional appointments by the school board, and said committee to assist in the supervision of construction and alterations, provided that the plans and specifications shall finally be approved by the school board acting alone as required by law, and to further authorize the school board to execute any and all contracts or agreements necessary in connection with construction and equipping said building.

Mr. Fiore seconded the motion. The moderator called for a discussion. Mrs. Wolf suggested bringing in one of the teachers of the staff to be on the committee. Mr. Currier said they would be happy to include all possible members.

The moderator called for a vote. The vote was in the affirmative without opposition.

The moderator read Article 3 as follows:

To transact any other business that may legally come before this meeting.

Mr. Currier said as Chairman of the School Board he wished to thank all the people who came to the meeting and showed their interest and concern in this project.

Motion to adjourn was made by Mr. Barlow, seconded by Mr. Wolf.

Respectfully submitted,

MRS. GERTRUDE ELSNER
Clerk,

Holderness School District

SCHOOL DISTRICT WARRANT

Grafton, SS

School District of Holderness

To the Inhabitant of the School District in the Town of Holderness, New Hampshire, qualified to vote in District affairs:

You are hereby notified to meet in the Holderness Town Hall in said District on the 8th day of March 1969, at 4:30 o'clock in the afternoon, to act upon the following articles as set forth in this warrant:

Article 1 of this warrant covering the election of Moderator, Clerk, Treasurer and member of the School Board will be acted upon at 4:30 p. m., and voting will be by official ballot and check list. The polls will remain open for this purpose from 4:30 p. m. to 9:00 p. m., if the meeting so determines. At 8:00 p. m. the remaining articles will be acted upon.

1. To choose by ballot a Moderator, a Clerk, and a Treasurer to serve one year, and one member of the School Board to serve a term of three years.

2. To determine and appoint the salaries of the School Board, and fix the compensation of any other officers or agents of the District.

3. To hear the reports of Agents, Auditors, Committees or Officers chosen, and pass any vote relating thereto.

4. To see if the District will authorize the School Board to enter into a yearly tuition contract with other School Districts for pupils in grades 9 through 12.

5. To see what sum the District will vote to raise and appropriate for new equipment and for site development for the addition to the existing school properties.

6. To see if the District will vote to authorize the School Board to borrow whatever sum is raised under the immediately previous article in the name of and on the credit of said School District by the issuance of serial bonds or notes under and in compliance with the provisions of New Hampshire Revised Statutes Annotated Chapter 33 and all amendments there to (The Municipal Finance Act), and to authorize the School Board to sign such notes or bonds in

the name of the School District, countersigned by the Treasurer, to determine the rate of interest, terms and maturities, and to do such other acts as may be necessary to effect the issuance, negotiation, sale and delivery of such bonds or notes, and to pass any votes relating thereto.

7. To see if the District will vote to establish a contingency fund to meet the cost of unanticipated expenses that may arise during the year. Such fund shall not exceed one per cent of the amount appropriated for school purposes, exclusive of capital expenditures and amortization of debt, during the preceding year. (RSA 198:4b)

8. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries for school district officials and agents, and for the payment of the statutory obligations of the District.

9. To see if the District will vote to authorize the School Board to make application for and to accept, on behalf of the District, any or all grants or offers for educational purposes which may now or hereafter be forthcoming from the state of New Hampshire and/or United States.

10. To transact any other business that may legally come before the meeting.

Given under our hands at said Holderness this 19th day of February 1969.

CHARLES L. CURRIER, Chairman
CONCETTA O'DONNELL
FREDERICK E. BROWN

**REPORT
OF AN EXAMINATION AND AUDIT
OF THE ACCOUNTS
OF THE
HOLDERNESS SCHOOL DISTRICT
for the fiscal year ended June 30, 1968
made by
THE DIVISION OF MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
JULY 29, 1968
DIVISION OM MUNICIPAL ACCOUNTING
STATE TAX COMMISSION
Concord, New Hampshire
SUMMARY OF FINDINGS AND RECOMMENDATIONS**

August 12, 1968

The School Board
Holderness School District
Holderness, New Hampshire

Gentlemen:

Submitted herewith is the report of the annual examination and audit of the accounts of the Holderness School District for the fiscal year ended June 30, 1968, which was made by this Division in accordance with the vote of the District. Exhibits as hereafter listed are included as part of the report.

SCOPE OF AUDIT

Included in the examination and audit were the accounts and records of the School Board and the School District Treasurer.

FINANCIAL STATEMENTS

Comparative Balance Sheets: (Exhibit A)

Comparative Balance Sheets as of June 30, 1967 and June 30, 1968, are presented in Exhibit A. As indicated therein, the Net Debt decreased by \$5,142.54 during the fiscal year ended June 30, 1968.

Analysis of Change in Financial Condition: (Exhibit B)

An analysis of the change in financial condition of the School District during the fiscal year is made in Exhibit B, with the factors which caused the change indicated therein.

**Comparative Statements of Appropriations and Expenditures —
Estimated and Actual Revenues (Exhibits C & D)**

Comparative statement of appropriations and expenditures, estimated and actual revenues for the fiscal year ended June 30, 1968, are presented in Exhibits C and D. As indicated by the Budget Summary (Exhibit D), a revenue surplus of \$1,827.79, less a net overdraft of appropriations of \$529.32, resulted in a net budget surplus of \$1,298.47.

Classified Statement of Receipts and Expenditures: (Exhibit E)

A classified statement of receipts and expenditures for the fiscal year ended June 30, 1968, made up in accordance with the uniform classification of accounts, is included in Exhibit E. Proof of the Treasurer's balance as of June 30, 1968, is indicated in Exhibit F.

Statement of School Lunch Account: (Exhibit G)

A statement of the activity in the School Lunch Program Account during the year is presented in Exhibit G.

Statement of School Tax Account: (Exhibit H)

A statement of the School Tax Account with the Town of Holderness is included in Exhibit H. As indicated therein, as of June 30, 1968, the School District had received from the Town the total of the 1967-68 School Tax in the amount of \$116,488.43, plus an advance on the 1968-69 appropriation of \$6,011.57. The total amount received from the Town of Holderness, therefore, was \$122,500.00.

Statement of Long Term Indebtedness: (Exhibit I)

A statement of the outstanding long term indebtedness of the School District as of June 30, 1968, showing annual debt service requirements, is contained in Exhibit I.

GENERAL COMMENTS

Current Surplus:

The current surplus (excess of total assets over current liabilities) decreased by \$2,732.46, from \$4,030.93 to \$1,298.47, during the fiscal year ended June 30, 1968, as shown herewith:

	June 30, 1967	June 30, 1968
Total Assets	\$ 5,390.36	\$ 7,587.34
Current Liabilities	1,359.43	6,288.87
	<hr/>	<hr/>
Current Surplus	\$ 4,030.93	\$ 1,298.47

Manifests:

Manifests should be approved and signed by at least two members of the School Board before payment is made by the School District Treasurer.

Conclusion:

The provisions of Chapter 184, of the Laws of 1955, require that this report or a summary of findings and recommendations (letter or transmittal) shall be published in the next annual report of the School District.

We extend our thanks to the officials of the Holderness School District for their assistance during the course of the audit.

Very truly yours,

O. Maurice Oleson
Director

CERTIFICATE OF AUDIT

This is to certify that we have examined and audited the accounts and records of the Holderness School District for the fiscal year ended June 30, 1968. In our opinion, the Exhibit included herewith present fairly the financial condition of the School District as of June 30, 1968, together with the results of operations for the fiscal year ended on that date.

Respectfully submitted,

O. Maurice Oleson

REPORT OF THE SUPERINTENDENT OF SCHOOLS

TO THE SCHOOL BOARD AND CITIZENS OF HOLDERNESS:

I respectfully submit my fourteenth annual report as Superintendent of Schools of the Holderness School District.
STAFF

When school opened in September of 1968 there were the following staff changes:

Mrs. Patricia W. Heinz, who attended Plymouth State College and operates a private kindergarten in Ashland, replaced Mrs. Virginia Cushing as Kindergarten Teacher.

Mrs. Joy K. McCarthy, a graduate of Perry Normal School and Bridgewater State College and who has taught in Whitman, Mass. for the past three and one-half years, replaced Miss Helen Draper in grade one.

Mrs. Mavis O. Corbett, who retired in June, was employed again in late August to teach grades two and three as her replacement requested a release from her contract.

Mrs. Evelyn W. McNeil, a graduate of Plymouth State and who was a member of the Campton School staff for the past four years, replaced Mrs. Mildred Uhlman as a teacher of grades three and four.

Miss Marilyn H. Barden, a graduate of Bates College and who has been teaching in Coventry, R. I. for the past two years is teaching mathematics in the upper grades as Mr. Kenneson has assumed full time duties of a principal.

Mr. Burgess Youngman, a graduate of Plymouth State and a member of the Campton staff last year, replaced Mrs. Barbara Keenan in departmental set up in grades five through eight.

ADDITIONS AND IMPROVEMENTS

At a Special School District meeting in July, the addition of a new multi-purpose room with a stage and facilities for a cafeteria, two classrooms and shower-lockers facilities in basement area and the conversion of the former gymnasium-auditorium into a classroom and library, and the raising of the roof for two more classrooms was approved.

These new facilities will certainly be a great asset, not only in relieving the crowded conditions, but also enrich the program as the two rooms in the basement area will be used for shop and home economics for pupils in grades seven and eight, and later could be expanded to accommodate grades five and six.

The multi-purpose room will have folding tables and benches recessed in the wall that will convert the room to a cafeteria as a new kitchen will be constructed just off the cafeteria on the side.

The stage will also serve a multi-purpose room as it will serve as a music area.

The new classrooms will be set up for mathematics, language, arts and social studies and the present grade seven-eight room will be used as a science room.

The present stage area and part of the floor will become a library and instructional material center.

With these new facilities the Town of Holderness will be able to offer a more comprehensive program for the pupils in grades seven and eight and better prepare them for the ninth grade at the new Area High School to be constructed in Plymouth.

R. C. Foss Construction Company of Pittsfield was the lower of three bidders and was awarded a contract for same.

The bond issue was handled through the New England Merchants National Bank. Kidder Peabody Company of Boston was the lower of eight bidders and 5% with a premium of 100.777.

COSTS

The average cost per pupil based on operating costs was \$411.52 for the school year 1967-68. The State average cost was \$483.00.

The property tax assessment for the 1968-69 school year was \$129,597.87 which was \$9,109.44 over the previous year.

The district received \$2,212.50 from the State for building aid and \$1,459.52 from the sweepstakes program.

CONCLUSION

The School Board is responsible for the continued improvement of education for all the children and they certainly have met this challenge by having Holderness a part of the Area School Concept at Plymouth and for the second addition to the Holderness Central School.

Good schools are a big asset to any community and good schools make better communities.

I wish to take this opportunity to express my appreciation for the excellent cooperation of the Town Officials, Highway, Police and Fire Department personnel.

The Custodian, Lunch Program Staff and Bus Operators are to be complimented for the way they perform their duties as a part of the overall program.

To the School Board Members, my sincere appreciation for their cooperation and devotion to their task of carrying out their responsibilities with foresight and conviction in what is best for the children, school personnel and citizens.

MARTIN E. HEFFERNAN

Superintendent

SUPERVISORY UNION #2 BUDGET

The Supervisory Union Budget for the 1969-70 school year is prorated among the three districts on the basis of the 1967-68 average daily membership and the 1966 equalized valuation as follows:

DISTRICT	Percentage	Supts. Salary	Office Exp. Sec. Salary & Travel
ASHLAND	18.21%	\$ 2,276.25	\$ 1,893.70
INTER-LAKES	68.25%	8,531.25	7,097.36
HOLDERNESS	13.54%	1,692.50	1,408.04
	100.00%	\$12,500.00	\$10,399.10

The Superintendent's salary for 1968-69 is \$13,750.00. The Supervisory Union's Share is \$11,250.00 and the balance of \$2,500.00 is paid by the State Department of Education.

REPORT OF THE PRINCIPAL

To the School Board, Superintendent of Schools, Parents, and Citizens of Holderness.

I hereby submit my fourth annual report as Principal of the Holderness Central School.

The school year started with the opening of school September 4, 1968. Students enrollment has jumped this year to 205, thereby causing many problems.

We have several new teachers at the school and they are as follows: Mrs. Patricia Heinz, Kindergarten; Mrs. Joy McCarthy, First Grade; Mrs. Evelyn MacNeil, Grade 4; Miss Marilyn Barden, Grades 5-8; Mr. Burgess Youngman, Grades 5-8. All of the new teachers have continued to make our educational program advance.

Improvements have been made in several areas this year and they are as follows: Transportation was expanded to two extra bus routes. An Exchange Band Concert with Conway under the guidance of Mr. Bushnell.

Mrs. Frances Currier was added as a teacher's aide. The Eighth Grade had a news program on WPNH every other Monday. The school lunch program continued to expand under the capable leadership of Mrs. Carvelli.

Skating is again enjoyed by the students due to the efforts of the Holderness Fire Department and in particular Mr. Hunt who kept the rink plowed.

Miss Barden and Mr. Youngman along with Mr. Goyette have helped expand our sports program which now includes cheerleading, girls' softball, girls' basketball, boys' football, boys' basketball, and boys' baseball.

Due to the early closing of school at Christmas, the Holderness Boys' School was unable to put on their fine program, but we will be looking forward to it again next year.

Construction of the new school complex has begun as of this report and we are looking forward to the added space to expand our curriculum.

I believe that Holderness Central School has moved forward in many areas this year due largely to the efforts and support of many individuals and organizations. I would like to thank each of you and especially the members of the School Board, Mr. Heffernan, and the members of the staff who have worked so cooperatively with me to make this another successful year.

Respectfully submitted,

GUY D. KENNESON
Principal
